Jun-Hyuk LEE, et al.  
Application No. 10/657,278  
Filed: September 9, 2003  
For: **METHOD AND SYSTEM FOR  
USING EITHER PUBLIC OR PRIVATE  
NETWORKS IN 1XEV-DO SYSTEM**

: DECISION GRANTING PETITION  
: TO RESET PERIOD FOR REPLY  
:  
:

This is a decision on the petition filed on May 5, 2006, requesting that the shortened statutory period for reply set forth in the Office communication mailed on April 13, 2006 be reset to run from the date on which the Office communication was actually received at the correspondence address of record. This decision is also responsive to the supplemental information provided on June 7, 2006.

The petition is **GRANTED**.

Petitioner provided a statement that the Office action was received on May 1, 2006 and further provided evidence in the way of a copy of the Office action transmittal page having a date stamped by the firm's Docketing Department as being received on May 1, 2006. Furthermore, a copy of the envelope which contained the Office action was provided; as well as copies of the firm's list of communications that were received between April 13, 2006 and May 1, 2006. The petition was filed within two weeks of receipt of the Office communication. A substantial portion of the set reply period had elapsed on the date of receipt. The petition meets the criteria for resetting a time period to respond to an Office action as set forth in MPEP § 710.06.

Accordingly, the shortened statutory period that was originally set forth in the Office action originally mailed on April 13, 2006 is hereby reset to run THREE MONTHS FROM THE RECEIPT DATE OF May 1, 2006.
